DEPARTMENT OF TELECOMMUNICATIONS AND ENERGY TO  
KEYSPAN ENERGY DELIVERY NEW ENGLAND

DTE 2-21

Date: February 24, 2006

Respondent: Leo Silvestrini

- Q. Please present data on Company-use and unaccounted-for gas for the last ten years (i.e., forecasted and actual volumes).
- A. Please see Attachment DTE 2-21. The last ten years of forecasted company-use and unaccounted for gas volumes are from Table G – 4(c) of previous Boston Gas Company Supply Plan filings submitted in 1994, 1997, and 2001 and the actual volumes are weather normalized using volumes from Boston Gas Company DTE Annual Returns (pp. 72-73). The last ten years of forecasted volumes for Colonial Gas Company and Essex Gas Company were not available.
